HOOPER & LONG'S

Newspapers Did It

For two years a certain cereal product struggled for a foot-hold.

Its owners spent \$100,000 in certain forms of promotion, but the business grew backwards.

For two successive years the books closed with a loss.

Then the policy was changed. An intensive newspaper campaign was booked up with definite dealer work.

In three months the company was making money and sales were running way ahead.

Manufacturers who would like more details are invited to write to the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

The facts will show why the drift of Manufacturers' Advertising is toward the Daily

Newspapers.

24

FUTURE SUPPLY OF LABOR IN STEEL AND COKE TRADES

A Serious Shortage During the Coming Months is Predicted.

SEEK OTHER WORK IN SUMMER

Many Opportunities for Employment, High Wages and Premiums Have Developed Incentive and Incentive of Unskilled Workmen.

Coke operators and other large employers of labor have been placed in the unenviable position of having to turn out the products because of a lack of labor and just now a shortage of coke. They have given thoughtful consideration to the labor question in its relation to industry in the near future and are coming to realize that a very serious condition is threatened. With the curtailment of immigration as a result of the war, and the large demand in new and existing industries of the country, the question is resolved into the simple but not easily solved problem of supply and demand.

While coke-making does not employ so large a proportion of what is generally termed skilled labor, the conditions governing the development of practiced laborers from raw material are generally the same as in the steel industry. The character of labor as originally employed and the source of supply being identical in both the coke and steel industries, it follows that conditions affecting one will affect the other also. Hence there is occasion at this time to give heed to the prophesy and make note of the experiences of a large steel company official who is quoted by the American Metal Market as saying that, "the coming summer will see one of the most serious shortages of both skilled and unskilled labor that this country has ever witnessed."

"While mills have publicly announced a general increase in wages the outsider has no idea of the many increases that have given rise to the coming summer will see one of the most serious shortages of both skilled and unskilled labor that this country has ever witnessed. We have been forced to pay premium wages for labor. Men who in 1914 received \$2 a day are now receiving \$3.50 to \$4 a day. The mills in turn do not receive a similar expansion in production. We have been forced to raise wages. The workmen fully realize that there is a demand for skilled and unskilled labor and that they can secure war time compensation in many localities if we refuse to concede higher wages to them. We are willing to grant higher wages and no doubt will continue to give laborers higher compensation as the situation is one wherein the demand is far greater than the supply. During the winter months the railroad improvement work comes to almost a standstill and thousands of men have come to the steel mills, the coke plants, munition shops and enterprises, but with the advent of warm weather we will find that the steel mills and other industries in the serious plight. Unskilled workers will receive offers from the railroads, which are preparing to undertake expansion on a large scale in the summer. The prospect of outdoor work will appeal to many workers in preference to remaining in steel mills, where the heat of summer and the still higher temperature of the furnaces must be encountered. The mills will find that laborers will leave them, as working under pressure will cause them to accept offers of less arduous labor, despite the high wages that the mills are giving them. Thus the entire problem

To Break up a Cold

Into a pitcher, put a tablespoonful of butter, a quarter of a cup of light brown sugar, an ounce of fresh whole milk, the juice of one orange and one lemon and a pint of Duffy's Pure Malt Whiskey. Let the butter, sugar, milk and whiskey stand for an hour, then add a half pint of boiling water. Stir well before serving. The juice of the orange and lemon, last of all. To be served in a wine glass.

This drink is particularly wholesome, appetizing and strengthening, especially in stormy weather. Prompt action on such occasions, in administering a pure stimulant, like Duffy's Pure Malt Whiskey, so pleasantly combined, will break up a cold, and perhaps ward off more serious attacks of bronchitis or pneumonia.

of meeting the demand for steel will rest strongly on the labor supply. We can secure adequate supplies of raw material and can expand our plants to make more steel, but without labor nothing can be done."

TWO KILLED IN HOLDUP

Prominent Buffalo Residents, Denton to Be Killed, Third Victim Dies.

By Associated Press.

BUFFALO, N. Y., Jan. 31.—Two persons were murdered, another probably fatally injured, and a fourth severely beaten up in an automobile holdup on the Orchard Park road, near this city early today. Several houses escaped before the city and county authorities were informed of the crime and the assailants made good their escape.

The victims, prominent Buffalo residents and all of the same family, were: Mrs. Agnes M. Tolper, 67, shot in head and instantly killed; Frederick C. Tolper, son, beaten to death with blunt instrument; Grace C. Tolper, daughter, skull fractured and will die; Edward C. Tolper, son, beaten on head and left senseless on road.

The family was returning from Orchard Park and had stopped the car a short distance south of the terminal railroad crossing. There the party was set upon by the holdup men. Mrs. Tolper was killed by the first of four shots fired. The men then clubbed the others and after robbing them, fled. A farmer living nearby heard the shots and the cries of the women and gave the alarm. Mrs. Tolper was the widow of Conrad Tolper, who founded the Buffalo Structural Steel Company.

Police and detectives are searching for a negro, who is believed to have committed the crime single handed.

OFFICERS ELECTED

Local Men are President of Fayette P. O. S. of America.

At a meeting of the Fayette County Association, Patriotic Order Sons of America held Saturday night at Fairchance officers were elected and installed for the ensuing year as follows:

President, E. W. Lloyd of Washington Camp 311 of Connelleville; vice president, J. Harry Altman of Washington Camp 821 of Massontown; secretary and treasurer, Dr. R. T. Gible of Washington Camp 138 of Fairchance; conductor, Harry Shannor of Washington Camp 138 of Fairchance; instructor, J. L. Good of Washington Camp 312 of Connelleville; guard, Albert Collins of Washington Camp 832 of Waltersburg; chaplain, T. G. Hennrich of Washington Camp 322 of Waltersburg. Following the business session an oyster supper was served by Camp 138. The next meeting will be an open one and will be held Saturday evening, April 22, at Waltersburg.

C. L. Nussmeier of Altoona, state president, and J. E. Clark of Connelleville, vice president, will be present. Among those attending from Connelleville were E. M. Tinker, E. W. Lloyd, James Russell and M. Miller.

MEYERSDALE

MEYERSDALE, Pa., Jan. 31.—Miss Edith Stahl, daughter of Mr. and Mrs. Harvey Stahl of this place, and Alfred Mayers of Meyersdale, were married Friday evening at the Lutheran church here. Rev. E. W. Michael performed the ceremony.

Clyde, the four month old child of Mr. and Mrs. George Eckert, died Sunday morning. Funeral was held Monday afternoon, with interment in the Union cemetery. Rev. D. W. Michael officiated.

Mrs. Emmett Collins of Connelleville, is visiting the Misses Beer of Mifflin street.

Miss Mary Denner returned to her home in Freestburg, Pa., today, after a visit here with relatives and friends. Joseph E. Feltz of Berlin, is visiting friends here for a week.

Mr. and Mrs. Henry Beer and two children have returned to their home in Somerset, after a visit here with relatives and friends.

DAWSON

DAWSON, Feb. 1.—Rev. and Mrs. Purnell and Mrs. C. A. Smith spent Monday afternoon in Connelleville. Ray Nevill spent Monday afternoon in Connelleville.

Mr. and Mrs. Mullan of Vanderhill spent Sunday morning in Dawson. Mrs. W. B. Niswonger and daughter, Bertha, were recent Connelleville visitors.

Miss Martha Niswonger entertained the Philo Christ Class of the Presbyterian Church at the home of Mrs. George Cochran, Jr. The evening was spent playing various games and music. A delicious luncheon was served.

Erud Moore of Hazleton, Pa., spent Sunday with his mother, Mrs. Katherine Moore.

At the Theatres

SOISSON THEATRE

"THE LONG CHANCE"—The famous character actor, Frank Keenan will appear at the Soisson Theatre today in the five reel sensational drama of the far west, "The Long Chance." It is a gripping story of the life of a western gambler, Stella Ruzeto, who plays the role of Donna. In "The Long Chance," is already one of the most popular of the Universal players though she has been at Universal City only a short time. San Diego is her birth place and that makes her a native daughter. Her parents still live in the southern city and she pays them visits when the opportunity occurs. Miss Ruzeto was educated at San Diego and among other things she took a course in elocution. Her mother is American but as the name implies her father came from Italy and that is why Stella Ruzeto is very dark with bright brown eyes and vivacious. She is a tremendous favorite with all those who know her and is generous and kind and altogether a delightful little lady.

William Gattling and Olive Fuller Golden are now stars in the three reel thrilling Mexican drama, "Across the Rio Grande." It is an exciting story of an American civil engineer, who arouses the enmity of powerful and unscrupulous forces in Mexico. The scenes are full of thrills and the action is intense. "Uncle Sam at Work," No. 4, shows an unusual scene of "Uncle Sam's" progress at work and play. It is a Powers' feature and a good one. Tomorrow, the photoplay masterpiece of the world, "The Volunteer Graduate," will be presented. Two thousand people in this production, interspersed by the highest of salaries, most talented company of players that ever appeared in any one production.

GLOBE THEATRE

SARAH BEINHARDT—Manager C. A. Wagner of the Globe has booked the Blüchard photo plays to appear each Monday at the Globe. The first attraction, Monday, February 7, will feature the divine Sarah Bernhardt in "Jeanne Dore," adopted from the play by the same name by Tristan Bernard. In which Madame Bernhardt was acting at the time she was forced to leave the stage of her own theatre in Paris to undergo the surgical operation which bereft her of her leg. The following Monday Helen Warr will be seen in "Secret Love." On Wednesday, the 14th of the screen, is appearing in "Madame Butterfly," one of her greatest successes. "Madame Butterfly" is in five acts and is splendidly staged and beautifully photographed. In the role of the heroine, the little Japanese woman who serves as a toy for an American officer on a few weeks' leave from absence in the flower kingdom, Mary Pickford is superb. She plays her part with a deftness and sympathy which draws out the deep pathos in the life of Cho-Cho-San. Marshall Neilson plays the part of the naval officer and Jane Hall the part of the American wife. The play is wonderful in its beauty. The story is told to the corn. "It's blue for you!" says the corn to the razor. Razors and corns love each other. Corns love to be cut, plucked, shaved, salved, plastered and jerked out—they grow faster. Mr. and Mrs. Went-and-Cut-it realize it now—lay up "Gots It" instead—let's the wonderful, simple corn-cure that never fails. Stops pain. You apply it in 3 seconds. It dries at once, the corn is done. Nothing to stick to the stocking or press on the corn. It means good-night to plasters, salves, diggers, razors and toe-hauling. No more wear smaller shoes. Your corns will come right off, "clean as a whistle." Never inflames, healthy flesh. The world's biggest selling corn cure. "Gots It" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Connelleville and recommended as the world's best corn remedy by A. A. Clarke, Laughey, Drug Co., Fred H. Harmering, and J. C. Moore—Adv.

THE SOUTHERN WAY

Finest panama straw, the wide, floppy brim faced with old rose satin, gives this charming hat no suitable for girls going south. It is simply trimmed with a plaited band of old rose melen ribbon with two streamers down the back.

PIG IRON PRICES

Show Slight Downward Tendency; Finished Materials Active.

The demand for finished materials, says the Iron Trade Review, continues extremely strong and further price advances have been made. Wire products are now at the highest quotations in 15 years. Prompt furnace coke sold last week at \$8, the highest price since 1902. Foundry makers of tinplate have advanced quotations from \$3.75 per box to \$4. Cleveland sellers of pig iron have enjoyed very good business recently, but somewhat at the expense of prices. In the east also, there is a tendency to make concessions in prices of pig iron.

In machinery lines, demand is less active than a week or two ago, due to a falling off of export requirements. There is, however, improvement in domestic demand, particularly in the Chicago district.

ALVERTON

ALVERTON, Feb. 1.—Mr. and Mrs. William Dunham of Alverton are critically ill with pneumonia.

L. P. Elcher, A. P. Stoner, David Love and J. C. McCurdy of Secale were business callers in Alverton yesterday.

Joseph M. Byers of this place was a business caller in Connelleville yesterday.

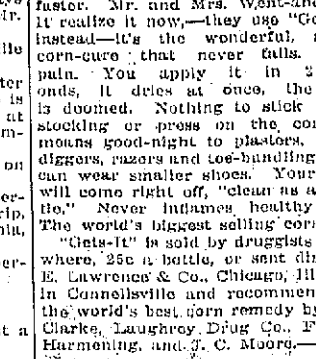

J. Hater of Alverton is having his household goods moved to Hawkeye this week.

Mrs. Lillian Dunmer of Buffaloade was the guest of her mother, Mrs. A. J. Miller over Sunday.

Mr. Went-and-Cut-It

---Here's Mr. 'Gots-It'

The New "Corn Cure" that's sure to cure the rising shoe. "Gots It" says the razor to the corn. "It's blue for you!" says the corn to the razor. Razors and corns love each other. Corns love to be cut, plucked, shaved, salved, plastered and jerked out—they grow faster. Mr. and Mrs. Went-and-Cut-it realize it now—lay up "Gots It" instead—let's the wonderful, simple corn-cure that never fails. Stops pain. You apply it in 3 seconds. It dries at once, the corn is done. Nothing to stick to the stocking or press on the corn. It means good-night to plasters, salves, diggers, razors and toe-hauling. No more wear smaller shoes. "Gots It" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Connelleville and recommended as the world's best corn remedy by A. A. Clarke, Laughey, Drug Co., Fred H. Harmering, and J. C. Moore—Adv.

THE SOUTHERN WAY

HOW FAMOUS ACTRESSES BANISH SUPERFLUOUS HAIR

Betty Lorraine, the popular actress who won fame in "The Little Dutchess" and other comedies, writes: "Theatrical women are now using a remarkable prescription that acts like magic in curing all trace of unsightly hair growth. It is Mrs. Casco's Wonder. Unlike the electric method, it can be used with perfect safety. Unlike evil-smelling depilatories it doesn't burn the skin. I used it first over a year ago and have not had a trace of superfluous hair since." Mrs. Casco's Wonder is quite inexpensive and is sold by Laughey Drug Co. and other up-to-date drug stores. Shaved Money-Back Guarantee in every package.

FAST TEAMS ARE EXPECTED IN THE COUNTRY LEAGUES

Peace in Organized Baseball Means Surplus of Minor Material.

PROFESSIONALS OUT OF JOBS

Many of Them Will Drift Into the Tail Grass Circles: Western Maryland League is Already After Players of Repute About This Season.

Baseball fans on the country circuits are looking for a fast article of baseball during the coming season. The fact that the Federal League has gone out of business has resulted in an overabundance of minor league clubs. This has made a good many professional players and promising amateurs lose their jobs. Many of them will be taken up by the independent leagues.

The Western Maryland League, which is composed of Cumberland, Frostburg, Westernport, Keyser and other towns of that section, is already preparing to recruit the best of players. This league has always been a fast one, but it promises to be a second P. O. M. during the coming season.

Some of the teams have been making inquiries as to what league stars who might be available and it would not be surprising to find the coke region will represent this year.

T. A. Cate, sporting editor of the Cumberland News, is looking for material and ambitious ball tossers might get a tryout through his efforts.

ARE AFTER GAMES.
Connellsville Intermediates Will Play Any 120-Pound Team.

The Connellsville Intermediates basketball team is after games with any other team of this section between 16 and 18 years old and weighing between 125 and 135 pounds. The intermediates were formerly known as the V. M. C. A. Juniors. Games with teams who have built are preferred and return games may be given.

A game will probably be played with the Dunbar township high school on Wednesday, February 3, on the Leisenring floor. Games may also be arranged with the Macedonia team of town. Scotland will be played Saturday night. This team was defeated easily at the last game.

Opperman Loses Match.
Welterman of Uniontown defeated Opperman of this place on the O. & W. alleys Saturday afternoon, winning by 24 pins. The final score stood, Welterman 613, and Opperman 533. Tonight at 8 o'clock Opperman will roll list of Scotland.

GAINS 40 POUNDS IN 40 DAYS

Remarkable Results of the New Tonic and Bulkier Tonic Tablets in Many Cases of Run-Down Men and Women.

Prove It Yourself by Buying a Box of Tonic Tablets Now.

"By George, I never saw anything like the effects of that new treatment Tonic Tablets, for building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried (milk, digestive, heavy eating, diets, milk, beer and almost everything else you could think of, but I have been thin for years and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by the use of Tonic Tablets. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just forty pounds during the last forty days and never felt stronger."

Tonic Tablets are a powerful inducer to nutrition, increases cell-growth, food, increases the number of blood-circulation and as a necessary result builds up muscles, and solid healthy flesh, and rounds out the figure.

For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revolution. It is a beauty maker as well as a form builder and nerve strengthener. For sale by A. A. Clarke, Connellsville; Lower Drug Store, Souders; L. M. Neuman, Dunbar; A. J. Frost, Monongahela.—Adv.

SMITHFIELD.
Smithfield, Feb. 1.—Catherine St. Claire Crumston, aged 78 years, died at the home of Mr. and Mrs. G. A. Whetzel at 10:30 o'clock Saturday night. The funeral will be from the house at 2 P. M. Tuesday, Rev. Paul Elliott officiating. Interment in the Baptist cemetery. Deceased was married in Smithfield 50 years ago to James Crumston, who with one daughter, Mrs. G. A. Whetzel of this place, and one son, James of Johnstown, survive. The surviving husband is a veteran employee of the Cambria Steel Company and was retired several years since on a pension of that company at Johnstown.

Aunt Mary Swanny, an aged lady of the borough, was taken suddenly ill Sunday morning.

C. L. Howard of Pittsburgh, called on J. H. Smith Sunday. Walter Kiker visited relatives at Collier over Saturday and Sunday. The union Gospel meetings that have been in session for three weeks, came to a close Sunday night.

M. R. O'Neil has a severe case of the grip.

A WOMAN COKE OPERATOR

First in the history of the region, a woman is operating a coke plant in the history of the region.

For the first time in the history of the coke region a woman has become identified with the ownership of a coke plant. Recently a sale was made by the American Connellsville Coke Company of the American plant No. 3, formerly known as the "Franklin No. 3" of the Sunline Coal & Coke Company, at Lynn station on the Monongahela division of the Pennsylvania.

It develops that the title to the property has become vested in a woman and two men, all foreign born citizens. The purchasers are Pia Guilliani, an Italian business woman of considerable experience, residing near McClintocktown, and Lewis and Frank Lodone, countrymen of their feminine partner, who reside at Newtown.

The purchase includes 50 acres and the unimproved coal underlying a number of acres of surface. Arrangements are being made to place this plant in operation. In the management of which the male members of the firm will take active part.

BIG LEVEE BREAKS.

Waters of Mississippi Flood Towns of Kentucky.

HICKMAN, Ky., Jan. 31.—The West Hickman levee gave way early today and the Mississippi river is now flooding a large area in the manufacturing district. The water is slowly backing up into the business section. About 500 people are so far homeless.

A huge force of men worked throughout Sunday and Sunday night in an effort to hold the levees against the flood but shortly after 4 o'clock this morning the river broke through and the waters quickly filled the lower parts of the town.

Keep posted—read The Courier.

EASTERN FREIGHT

SITUATION IS BOTH BETTER AND WORSE

Improvements are Only Local or Short Lived in Their Effects.

W. M. AND B. O. MAY BAN COKE

For Shipment to Eastern Points; Long Island The Ship It Out; Unable to Cut the Iron in New England Some Furnaces Close Down; Others May.

Whatever improvements have taken place in the freight congestion problem of the east are largely local or short lived in their effects. While the coal and coke situation is slightly better, due to the shipments now being accepted by the New York, New Haven & Hartford road, the movement of iron has become even more impeded than during the past several days and some additional foundries have been forced down, owing to the lack of metal.

The Boston & Albany railroad is accepting pig iron and hard and soft coal shipments to Massachusetts points, but not many furnaces are able to get into connection with this route. Considerable iron has been going into New England from the north by the roundabout way of the Grand Trunk and Canadian Pacific roads, delivering to the Boston & Maine at an extra cost of 50 cents per ton. The avenue now has been closed. The lower part of New England is undergoing the severest experience, although reports from around Boston state that many plants there are struggling against shut-downs.

It is stated that both the Western Maryland and the Baltimore & Ohio railroads have in contemplation the placing of embargoes on coke destined to points in the hatched districts of the east. Such action will not be taken, it is said, unless the eastern situation shows unmistakable signs of growing worse, or is without promise of material or early improvement in existing conditions.

A new embargo on coke just put into effect, involves Long Island points, except those which may be reached by the Pennsylvania railroad and by the lighterage delivery facilities of that system.

The railroads are apparently making little progress in relieving the congestion of coal which exists at the seaboard. Baltimore is the latest port to go under the gun. The diversion of a vast tonnage which resulted from the sweeping embargo against Philadelphia & Reading ports resulted in swamping the facilities of the Baltimore & Ohio at Curtis Bay, which enables coal to reach Port Richmond, the Philadelphia outlet for Baltimore & Ohio coal over the Baltimore & Ohio, has had little effect, as there is a serious shortage of vessels at Philadelphia and the coal is not being moved.

One bright spot for the coal shippers was the partial suspension of the embargo against St. George, which was lifted for three days this week, but goes on tight again tomorrow. All of the New York ports are under embargo now with the exception of St. George. It is believed the St. George bar was lifted to relieve the congestion which has resulted in the closing of the Port Liberty piers of the Central Railroad of New Jersey. These piers have been open, but an embargo was laid against them by Saturday.

First of the New Gloves

Kid Gloves

Especially attractive is a new Centemeri Glove of White Kid with black stitching. Black striped or black barred tops. Embroidered or fancy stitched backs. These sell for \$2.50.

Silk Gloves

Many fascinating new numbers in the famous Kayser Silk Gloves for Spring now on display. All most wanted colors available. Another splendid feature is the fact that they sell for only \$1.00.

New Evening Gowns and New Street and Afternoon Frocks Attracting Much Attention

Newest Modes in Evening Gowns

Striking examples of how beautiful Chiffon Taffeta,orgette Crepe, Crepe de Chine, Messaline, Charmeuse and Maline may be cunningly fashioned into fascinating Gowns for Milady's social functions. And wondrously pretty they are, in their dainty shades of Pink, Blue, Green and Tan. Nor is there anything at all prohibitive about their prices.

\$12.50, \$15, \$19.75, \$25, \$35

New Street and Afternoon Frocks

Nature's own colors for Springtime are carried out in Madame's new Dresses. Delicate shades of Pink, Green, Rose, Blue, Tan, Grey—and, of course, Black for women who prefer it.

Skirts are full, certainly, and there are fancy collars and yokes almost without end. Wide belted effects are given much prominence.

orgette Crepe, Chiffon Taffeta, Charmeuse and Crepe de Chine are the materials—selected because of their beauty and practicability.

To say these new Frocks are attractive is putting it very mildly. To say they are prettier than for several seasons past is a statement nearer to actual fact. Prices as low as better quality will permit.

\$12.50, \$15, \$19.75, \$25, \$29.75, to \$47.50

A Hall-Borchert Dress Form for Every Home Sewer

Will greatly simplify your sewing and make possible a perfect fit for every garment. May be adjusted to any size and to any irregularities of figure.

Nothing to Wear Out

The form you buy today will be just as serviceable for years to come. First cost soon forgotten because of the economies it makes possible. Various models variously priced. Ask about them today.

All Orders Left Here for Plaiting

Hemstitching, Tucking, and Pecoting are promptly executed for very moderate charges. Quality of work done is the best. Hemstitching done for 10c yd; Pecoting done for 15c yd. Skirts are straight accordeon plaited or plaited with shirred top, being all finished but a seam up the back, for \$1.50 and \$2.00.

Free Lessons in Fancy Work

Given at this store daily from 9 A. M. to 5 P. M. The only condition we name is that materials used be purchased here.

Miss Tierney, instructor, will have a special line of Art Goods, and these with our own Royal Society Outfits will afford a splendid range of selection.

Miss Tierney is an adept at her art and is unusually capable of imparting her knowledge to others.

The Smoke of the Active!

There's one fashion that never changes—the refreshing, wholesome, youthful, spirited fashion of "rolling your own" for a lively smoke with good old "Bull" Durham.

In no other way can you get a cigarette so fresh and fragrant, so full of vigor, energy and action. The man who "rolls his own" with "Bull" Durham has the taste of a connoisseur.

GENUINE "BULL" DURHAM SMOKING TOBACCO

The wonderful mildness of "Bull" Durham sets it apart from all other tobaccos, and its unique mellow-sweet flavor gives distinctive enjoyment to a cigarette.

"Bull" Durham is made of "bright" Virginia-North Carolina leaf—the choicest that grows. It is smooth, rich, most satisfying—and mild.

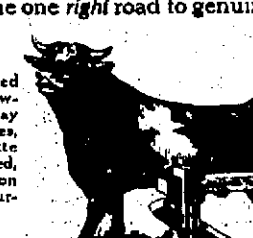

Start "rolling your own" with "Bull" Durham now, and you'll put yourself on the one right road to genuine smoking satisfaction.

FREE

An Illustrated Booklet, showing "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U. S. on request. Address "Bull" Durham, Durham, N. C.
